

Amendments to the Claims

Please replace all previous claims with the claims listed below.

We claim:

1. (Currently Amended) A medium-voltage switchgear assembly having at least one switch disconnecter ~~whose drive is arranged inside and/or outside a gas area~~, characterized in that the switch disconnecter is in the form of a three-position vacuum switching chamber ~~vacuum-chamber switch~~, wherein said disconnecter forms the bushing leading from the inside of a gas area to the outside of a gas area (1).

2. (Cancelled)

3. (Currently Amended) The medium-voltage switchgear assembly as claimed in claim 1, characterized in that the three-position vacuum switching chamber ~~(1) is designed such that it is~~ includes an electrically conductive edge board that extends radially outwardly and includes an integrated in an annular seal which leads from inside said gas area to outside the gas area.

4. (Cancelled)

5. (Currently Amended) The medium-voltage switchgear assembly as claimed in one of the preceding claims, characterized in that the three-position vacuum switching-chamber ~~is integrated in a cast-resin bushing, that is to say is provided with~~ includes a cast-resin body to form an integrated cast-resin bushing.

6. (Cancelled)

7. (Cancelled)
